

# KULR-TECH SAFE CASE

**For Lithium- Ion Battery  
Transportation and Storage**

**SUSTAINABLE  
SOLUTIONS USING  
SPACE-PROVEN  
ENGINEERING**

**RECYCLING, DDR, AND  
PROTOTYPE BATTERY  
SPECIAL DOT PERMITS**

(408) 675-7002

[www.kulrtechnology.com](http://www.kulrtechnology.com)

Used by NASA in crewed  
space vehicles since 2019

Mitigates thermal  
runaway

Reusable, sustainable,  
cost-effective solution

No particulates generated  
during handling

Protection for people and  
property during storage and  
transportation
